with weepons.

Another quality of the British policeman is his quiet couriery and sense of huntor. Perhaps this is rubbing off on hir American counterpart, or maybe it is just that U.S. policemen sense the time has come to improve their somewhat tarnished image.

Whatever the reason. Seattle Police Chief Frank Moore set a happy example recently by assuing 450 policemen on riot control duly with daffodils A revival of "flower power," one

singin say.

Moore said police across the country seem
to be learning to laugh at themselves. Certainly, when they turn some of the hippie-discenter
style of police-balting (branding them as pigs
for example) to their own advantage, it does
indicate a radical change of heart and think-

In Washington, D.C., the Seattle chief said, police wear shoulder patches with a pig on them and sport posters displaying a pig with a police hat, encircled by the words "Pig is beautiful."

Now II only those messy looking youths with long hair and hate in their hearts would exhibit similar charity toward those with whom they disagree, the world would be a better place.

The Antrim Coast

Fyr some 30 miles, north from the cross-channel ferry terminal of Larne, runs the Antrim coast road. Round towering headlands, with the sea green or blue or gray according to the region's climatic whim, the route affords some of the finest views in

Burope. Here, where the road turns inland over moorland country to Ballycastie and Portrush is Cuschendun, an idylike community by the sea and not far from the fabled Gless of Antrim. (Northern Ireland Tourist Board Picture)

At Firestone we like to sell you tires-

but not too often.

You can count on a warm welcome come in for a set of tires. Naturally.

But if you come back to replace those tires too soon, we may ask some searching questions. And we'll probably ask permission to put your car on the hoist for a look-see.

The fact is, we pride ourselves on being th

How does Riding System Service make the difference? As the diagram shows, your tires are part of the riding system. Defects in other components can scuff and scrape and pound the life out of your tires.

Even an easy-to-fix thing like missligned heels can damage your tires. And also play avoc with crucial things like ball joints and teering rods.

So as you can see, a free Riding System nalysis can save you a lot of money. And it an also add a lot to your safety and comfort. Why are we so concerned about the mil

Around We Go Again

City of Belleville workmen apply their cold mix on the previously patched section at the North Front Bridge. With the coming of spring, holes in the yearment appear in large quantities. Workmen fill in these holes, but with the blessy pounding, the soft mixture creeps out of the hole, making raised adjace, the more pounding, the larger the swell, and the rougher the ride.

Algae Are the Cause

Belleville's Water Is Famous for Its Distinctive Bouquet

No Smooth Rides Here

Sheady pounding of heavy vehicles, lighter automobiles and trucks on stretch of city street at the Front Street Bridge at Station Street reduces and-tar patchwork to ruleed ridges, of tarred gravel. The holes at this resolder were patched kith cold mix tar-gravel, but ridge soon formed to or of the inches high, leaving a amount, rutted hole about the same size, dring further patchwork.

Hand picking the top quality of Government graded meat is only half of what you can expect from Loblaws. When this fine meat arrives at the store, each cut is carefully trimmed of unnecessary bone and sexcess fat—leaving just enough juicy, rich flavour. We take pride in our "Loblaw-Way" trimmed meats and invite you to come in this week and often, to look over our great selection. Treat your family to the great taste of Loblaws better meats.

Overriding A Protest

A motorcyclist caught in a traffic jam Tuesday evening in Mankato, Wisconsin, didn't care to be detained. The jam was caused by protesting students blocking an intersection following a torchlight march and raily in front of the Federal Post Office building. When protestors lay down on the street, the cyclist drove

It Takes Two Sides

The Globe and Mail, with its usual unctu-concern for the fate of America and ericans, has been having its say about the theast Asia situation and about campus

"It is this concern about America," any
s nemspaper, "that is minding a voice in the
modelian-Velsame obstate in Othera."
The newspaper says it finds it difficult to
rion External Affairs Minister Milchell
sarp's statement, referring to remarks by
Pelader T. C. Douglas (a fevered antinerican), that he did not "hear the same sort
concern expressed about the presence in
milodia of troops from North Velsam."
And conventing, worders about store the
sacreviting, worders aloud vity he has not
act the same concern expressed about Storth
steam, he displays only a trage insensitivity
what Consolians — and millions of
modelian of the consideration of the conmodelian of the control of the conmodelian of the con-

sue in Indo-China."

And that is where The Globe ends its piece, t carefully avoids the fact that Canadians at age are too spathetic to care one way or mother, and it says absolutely nothing further hout what it considers to be the "fundamental

issue in Indo-China." The conflict in Southeast Asia undentably is a deplorable business. It takes two sides to run a war though — and yet, incredibly, (or is it by design?) many people in the West completely ignore the fact that the Communist

competety ignore use ract that the communities side is waging war just as vigorously as the Americans and their ailies.

When Mr. Sharp points out this obvious situation and is rebuffed by an influential attuation and in rebutted by an infraential Canadian nerepaper; when, moreover, the Canadian Broadcasting Corporation, as we have already pointed out, displays such an outrageous anti-American bias as to completely by destroy the neutrality expected of such an organization, and when students completely fall to understand the implications of Com-munist imperialist designs, then we can only wonder just wast is going on in our midst.

Land Reclaimed

Primitive smalting operations and forest fires at the turn of the century left miles of artif land around Sudbury, land which eventually was made find a "monocape" by huge piles of tailings (top) from the giant Falconbridge and International Nickel operations. However, Inco scientists have had some success in growing fall 179 on the tailings (colore), which is used as a nume crop to protect grass seedings during the first two years of growth.

Crozier Claims TV Tiring

BARRIE (CP) — Roger Crozier, goalie for Detroit Red Wings of the National Hockey League, says television makes him tired.

Ired.

In a dinner speech Wednesday night,
Crouler criticized the NHL for permitting
the Columbia Broadcasting System to dic-tate weekend scheduling. He said:
"When a team plays on a Saturday

night out of town and has to be ready for a home game Sunday afternoon, it is hard on the players. Players do not get to bed until 4 am. following a litting trip and to be ready for a game at one in the afternoon is a bit much."

Such scheduling, he said, did not exist before CBS began carrying a Game of the Week on Sundays.

SECONDS COUNT ...

PAGING

"FILLS THE GAP" With a TAS Pocket Pager in your pocket, even when you leave your 'home base" you're on instant call.

- 2. Staff can be directed more ef-
- 3. It saves time and money. You can be out of the office but still in touch.
- When seconds count, you get the message right away. You and your staff get there on time and faster.
- 5. You do not have to be a tele-phone answering service custo-mer to use this system.

your neighbour's probably using:

Our First Pocket Paging Customer.

Bob Howell started using our TAS communi-ratem as soon as it was available in Belleville,

He operates City Ambulance — a service where

Bob Is enthusiastic: "It fills the gap between telephone and mobile radio. It works well for prisonal people when they are in their cars bet calls."

For anyone whose business depends on ecommunications, Pocket Paging fills the gap!

Hollywood 1970-Style

Bollywood has changed—if you have not easy notions "finding likes is a whole new court not form matter and star personalities, alken, as Bob Hope points out, has supplanted to the follippy" acreen images of the past. The innee and like weinfor atmosphere of much today's acreen presentations, he suggests, mirrors help up to life and they have a sage — a valuable one—for mankind.

From the hurt and the decadence, Hope From the nur and the decadence, Hope ems to be saying, we can turn away, because the screen we can recognise the shame of and, instead, oppouse a nobler way of life, it he same films there is in today's film offer-ga much that reflect greatness. Humor, mpassion, love are all there are all there.

Today there is a generation gap in Holly-wood, as between the John Waynes and Cary Fornis and Myrma Loys and Dustin Hightmanns and John Volghis and Dyan Caunous, and Jilm material which the over 30s have difficulty grasping, let alone finding the time to keep

vein of the sciling industry, its hopes and aims.
The years between, to which all of us over
40 could relate, came into sharpest focus in the
tribute to Cary Grant, now 66, with extracts
from his films going back to 1922. And when
he spoke his thanks he seemed just a little
older than even his contemporary pictures
suggest, and his voice had lost just a little of sonant transatlantic pitch and we were ided that all of us are a little older. Then iddenly it was the still zestful Cary Grant liking, predicting a new golden era in Hollylking, predicting a new golden era in Holly-sood, like his own; and there was a poignant oment when he said he had never been a olmer... had never belonged to any particu-ra colcal set," yet had been privileged to see during the film colony's greatest days.

And there was Fred Astaire, lean and lissome as ever, but also perceptibly older, as well he might be at 70, Gone too was the famwell he might be at 70, Gone too was the farm-likar voice, now just a faint echo of the old Astaire, and he was saying that he had given up dancing a year or leve ago ... but then sud-denly those maryelious links were moving and he was dancing, again, and the audience was cheering. Yes fastien too is allyo and well and living in Hollywood.

Carswell's Rejection **Hurts GOP**

washington (cP) — The cunhing Senate rejection of Su-perence Court nominee G. Har-rold Caravell loomed today as a major factor in November's congressional elections. There were hints that detecting Re-publicans might have trouble unlocking party campaign chests.

iar. The White House was gloomy and a spoiseman aid. Nizon was n a tur a 11 y disappointed and had no one in mind at present to be his third nominee to fill the seat.

The defeat of Garrentl, who said he would stay on as a judge on the Fifth Circuit court of appeals, followed Seater rejection in November of Nixon's first nonlinear, Judge Chement F. Haynaworth of South Carolina.

Whom do your Trustees serve?

You, of course. On election, any trustee in Ontario accepts a local mandate to provide the best education possible for children in his community. This includes responsibility for staffing local schools.

Agreed. But if that's so, how does one answer the following questions?

- 1. Why has no hiring taken place in the secondary schools in your area? Answer: Because of a trustee-teacher dispute in Metropolitan Toronto.
- 2. What has a dispute in Metropolitan Toronto to do with your local situation? Answer: Nothing.
- 3. Why is your school board not hiring? Answer: It has been instructed not to by the Ontario School Trustees' Council.
- 4. Will your local school system suffer next fall if the no-hiring ban is prolonged? Answer: Yes, definitely.
- 5. Is your board obligated to follow the instructions of the Toronto-based Trustees' Council? Answer: No.
- 6. If not, then why is your board risking local education at the dictate of a Toronto-
- based organization and over a dispute in Metropolitan Toronto?
- 7. Let's ask it again: Whom do your trustees serve? Why don't you ask them?

Put the welfare of your child first: Toronto is big enough to look after itself

There's No Way Man

We dig the cat who said that there's no way anyone can be all things to all people So We're getting with it ... but fast.

Here's our brand new statement of Policy . Starting Now.

> In keeping with the YOUTH EXPLOSION . . . we, too, have exploded

Our Shop is bursting with all the new things wanted

We have scoured the markets and have lined up the top makers

in the country so that we may bring you everything that's new and different hot off the design boards,

All the latest fashions and fads from the world's leaders in the

design field, in sizes 5 to 15 and 6 to 16. We're swinging with anything new that hits the market! You

name it, we've got it! If not we'll get it for you.

All remaining "Old Store" merchandise has been reduced dras-tically to clear the floor for new "bot" numbers

So get with it! Come groove with us for all that's new!

WHY

SO MANY PEOPLE HAVE ASKED US WHY WE HAVE POTTED ROSES RATHER THAN PACKAGED (OR BARE-ROOT) STOCK. THE ANSWER IS SIMPLY THAT WE FELL THEY ARE A FAR BETTER DEAL FOR OUR CUS-

PLANT LATER. Bare-root roses abould be in the ground in April, but we have found that most of our sales were taking place in May and it was difficult to keep the packaged roses from drying out in storage. Potted roses can be planted right up until July.

COSTS VERY LITTLE MORE. For about one dollar more we can sell a rose that is really alive . leafed out and even in full bloom at times. This represents about 4 to 6 weeks growth satvantage.

REPLACING WINTER-KILLED BUSHES. It takes half the month of May for some bushes to show new shoots in the spring, so replacement with bare-root stock represents something of a

gamble.

MAY IS PLANTING TIME ANYWAY. Who wants to dig around in a rose garden in April when there is move on the ground?

VOLUME BUYING BRINGS PRICE IN RANGE. We buy over 700 potted roses fa semi-load from one of Canada's most reliable nurseries. Twenty there varieties of Hybrid (Pess. Grandfillores and Climbers.), and as it them for

How does Riding System Service save you money?, A minor problem can lead to bigger problems. For instance, if your wheels are out of align-ment, the tread will be scuffed off your tires. And chances are your ball joints and steering rods will suffer, too.

So you can save a lot of money by spending a few bucks on a wheel alignment. The big thing is to catch it in time. With a Riding System Analysis.

How much? The Riding System Analysis is free. It's the best bargain in town.

What if you need service?

What is you need service?
Our prices are more than competitive.
Hundreds of Firestone Stores and Dealers specialise in Riding System Service. They know what to look for And they know how to fix it fast. That saves you money.

On top of that, because we specialize in the Riding System, you benefit from our mass purchasing of replacement parts. That saves you money, too.

And, of course, your tires will go a long, long way to save you even more money.

That's what Riding System Service is all about.

Now that we've got your attention:

Before you buy any new car, Value Drive a Chevy Impala!

Because with Impale, value is standard equipment — all the way! Things like computer-selected springs. Flush-and-dry rocker panels to fight rust. Side-guard door beams. For protection. The standard 350cu.-in. V8 that uses regular gas.

The inside story of impala is a big one. Plenty of head, leg, hip and shoulder room. Rich fabrics, supple vinyls and foam padding for big comfort. There's 18-cu.-ft. of trunk. These are just some cilimpala's vicule features. We haven't even touched on impala's bit abtte of this heads when impala's high style or high resale value

Now it's big trading time. The number on time to get the number one car. Take one big Value Drive at your Chevrolet dealer's today...and find out why.

Do you put a higher price on an Olds than we do?

Our own surveys indicate that quite a few people think an Oldsmobile is out of their reach. They think it costs a lot more than it really does. Result? Many people buy an ordinary car and end up with a lot less car and value for their money.

it's so unnecessary, too, because Oldsmobile has many models that are priced right down with the so-called low-priced cars. Each with all the traditional values an Oldsmobile represents. Great engineering. Fige performance, Exceptional comfort.

So if you're going to pay the price of an Olds, you should get one. See your Olds dealer this week. He'll prove to you that you're closer to an Olds than you think.

Price Could Be Right

If Price Morris is up to par in Saturday's Brilleh Commonwealth Games Trials, it could mean a skith Camadian heavyeeight weightslifting title for the 28-per-old Apolio Barbell Club-member. Also at stake for Morris, one of four Belleville entrants in Saturday's content at

Centennial Secondary School, is one of nine berths on Canada's team to July's Edinburgh Common-wealth Games. The Apolio Club is host to the first-ever institual sporting championship for the city of Belleville.

Media and the Young

Moira secondary school teacher O. J. in has been critical of the way in-which so of the young is handled in newspapers I on the air. He says attention is given to young person who breaks a window, but to the many students who are making a I contribution to society.

real contribution to society.

Mr. Bonh, addressing Quinte Homebuilden' Association, went on to say in part. 'It is too bad that the press media have given so thuch attention to the few, rather than to the majority of our high school students. It is my opinion that students are much more aware of wals is happening around them then they are given credit for...'

The Intelligencer has also given publicity to the Mayor of the Week program and to the talks by the young people involved at the Rolary Club. Similarly, the Science Fair and Hobby Show and Music Festival received extensive coverage.

extensive coverage.

We have also drawn attention to individual students like Deborah Dutfy of Molra for her address to Rokarianie on the history of Belleville, to National Parmerr' Union Queen Nancy McAllière, of Maliorytown, and to her interest in natural science, as well as to Olympic aki champlon Betyo Cittiord and Indian beauty queen Nancy Maraden.

In passing we might mention that many of the items listed above were quoted by other area newspapers. And one more thing, we are giad to note the favorable impression Mr. Bomin's architectural drafting class made on the homelong the favorable income and the deciding at the contract of the contract of

P.M's Capers

Prime Minister Trudeau must know by now that he is asking the impossible expecting his public appearances to remain off limits to the Press. Anyway he seems to have recovered quickly enough from the hurtly coasioned by having his photograph taken while dancing with a night-club singer in Sydney — on an occasion he regarded at prints.

However, it apparently did put a damper on the concluding ball in Canberra, an event to which all the over-16 daughters of MPs had been invited. Mr. Trudeau led off the dancing with Prims Minister Gordon's wife but carefully avoided attaching himself to any particular partner.

we have the impression that even if the Prime, Minister could afford the time away from affairs of state, to court some young woman who would be mifficiently elegant and intelligent as wife and first lady, deep down he is the opinfirmed bachelor. Or is it just that he has not mes' the right woman?

Forever England

No two counties are alike in Britain and this is part of the charm the country has for visitors. Dorset villages are characterized by small thatched cottages hugging the sides of the roadway with gardens to the rear. It is convenient for the mailman and for visitors desiring a close-up view without appearing to be too inquisitive. This scene is at Plush, Dorset.

"I'm a General Tire Specialist

...and I'm proud of it!"

DOUG. COOK

I've made a thorough exploratory on the General Safety-Jet Tire and my diagnosis should give you complete assurance that its internal qualities are as sound as its exterior is handsome. I found full 4-ply nylon protection which showed less bulkiness, even flexibility, and cooler running characteristics. If your budget is on a diet, consult with me today!

An untuned car is...

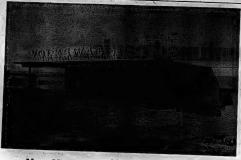

a trip delayed ...

a dirty shame ...

a gas pump affair!

An untuned car is all'kinds of trouble! But fi's trouble you can avoid right now by getting a Champion Tune-Up. That's a new set of Champion spate plugs plus other basic tune-up items your car may need. You'll enjoy quicker acceleration for safer passing, and better gas mileage too. So make sure you specify a Champion Tune-Up. It means dependable Champions...It means better performance.

Up to a point, the faster the feet, and a chain connects this goar to a smaller gaze on the rear wheel. Since the driving pear attached to the pedaler has about twice as many teeth as the driven gear on the wheel, the wheel turns two revolutions for each one turned by the rid-er's feet.

On a level road and with no strong head wind, this gear ra-tion is astisfactory and the rid-

If, by means of a transmis-sion, the cyclist could change his grear ratio (on nome biber be can), he might select one that would result in one turn of the driven wheel.

With this one-to-one ratio, if he rotated the pedals at the same speed it would take beion as long to elimb the hill, but the pressure scered on the pedals would be reduced to the point where the rider could remain where the rider could remain sitting comfortably on the seet.

Look for Good Man to Balance Wheels

Several readers have saked me if wheel-balancing is really necessary. It definitely is, but balancing wheel assemblies is tricky. The technicism who per-forms this task should be ther-oughly trained and familiar with the particular make of balanc-ing machine he is using. As with most testing equipment, it is only as reliable as the man who

PEOPLE BEHIND THE DEAL MAKE THE DIFFERENCE... THAT'S WHY WE DON'T STOP CARING AFTER WE'VE SOLD YOU A CAR!

A lot of people who sell you something these days just assume that you and your product will "live happily ever after".

We don't believe in fairy tales.

When Trudeau's sell you a Chevrolet, Oldsmobile, Cadillac, Chevelle, Nova, Camaro, Eavoy, Envoy Epic or Chevrolet Truck, it's not the end of the story. It's just the beginning of our obligation to make sure that your car or truck will keep running like new for as long at you own it.

That's why we maintain such a well-staffed service department... with Guardian Maintenance factory-trained technicians who know the whole G.M. Line — from Corvette to Nova — inside and out.

When we sell you an automobile . . . we sell you product reliability and customer service, too.

When you need someone to care for your car.,. see Trudeau's That's one of the reasons we're in business.

Welfare and Self-Help

A number of interesting points have emerged from the regional conference on social services in Belleville. Among them is the paradox — pointed out by Family Services Minister John Yaremko — that those in need must be made aware of the agencies which can help them; in other words, a matter of communication, while at the same time milithat pressure groups among the disadvantag-ed, very much aware of their status, "are challenging the entire system."

The provincial minister acknowledged that attention must be paid to both these

that attention must be paid to both these segments among the needy — to informing expension the needy — to informing them of what services are available and where they can be found, and to listening to those who are demanding their rights.

Another contemporary concern are the needs of young people, particularly the alient, another contemporary concern for a riche in the busy workside world. Mr. Yaremto axya commonly facilities as yet have little to ofter tempers in their most acute problem years. This stage of life is undoubtedy difficult, even for those young people who eventually energe as stable, capable members of society, so they need the interest and support of their families and the community as well as putting families and the community as well as putting their own best foot forward. In the ultimate it is not what the community provides materially, gut as President Kennedy put it in his inauguration speech, "Ask not what your untry can do for you, but what you can do

Threading the Needles

Beamstresses who furead needles all day have nothing on this Goodysse employee. When he is finished this "Seaming" operation, he will have threaded 3,700 strands or prigon fine through the system of this creel. The bobbline, each containing more than 4% miles of fiber, will be rewound onto a single spot called a beam. This textile plant in Saint-Hyacistiche, Que, supplies the fabric for use in the manufacture of tires.

Think of all the cool things about a frost-free refrigerator freezer.

Frost never forms. Not in the big refrigerator section. Not in the big freezer section. So there's no defrosting. Ever. And you know what that means.

No more dripping water to mop up. No more waiting for frost to melt. Your ice cube trays won't stick any more. No more re-freezing frozen foods.

You'll have more storage space, because you'll be free of all frost accumulation.

And your frozen foods won't stick together. Think about it.

Think of all the extra space you'll have for stocking up on food bargains. And besides all that, think how much more attractive your kitchen

will look with a sleek new frost-free refrigerator freezer. NOW is the time to buy. See your local appliance dealer today.

Kingston Opening For Shaw Festival

The Shaw Festival will be bening this year at the rand Theatre in Kingston, ther than at the Court ouse Theatre in Niagara-on-

Even after the Kingston rengagement, the play will not remgagement, the play will not rei move to Niagara-on-the-aker, but will occupy the test Centre in Ottawa from June 3 to June 18. It will move to Niagara on tune 22.

But the opening at the Frand Theater is more than unt a different mode of operation for the Shaw Festival.

ust a different mode of opera-ion for the Staw Festival. Stiddle the engagement in lingsion be a success, the renefits could be felt by many intario theatre going cities. Founder and first president the Shaw Festival, Brian oberty, says "if it succeeds, could be happening in other reatres, say, for instance in ellevalic."

Many people dream of owning a summer place in one of Canada's popular vacation areas, with a comfortable cottage near a nice beach for swimming and boating and plenty of clean, bracing air to breathe.

For Mr. Fred Pratt it was a dream come true, when his entry in Supertest's "Win a piece of Canada" contest recently was selected by the judging panel. He correctly answered a skill-testing question and suddenly he found himself the winner of a lovely wooded lot at Point Clark on Lake Huron and a 3-bedroom Colonial/Sunnibilt cottage.
